Von Morris Westtown/Square Bevel Multi-Point lock trim is Custom Made to Order. Your trim will be crafted to the door specifications/details/measurements you provide.

In classic Von Morris style, paying exacting attention to detail, all Von Morris Escutcheon Plates may be modified to fit a multitude of Multi-Point locks in either Euro Profile Cylinder or American Cylinder.

The Von Morris American Cylinder Multi-Point trim is different from other manufacturers . Von Morris has redesigned every aspect of the Multi-Point Trim, including the American Cylinder Mounting Blocks. Instead of one generic block mounted to all styles, each suite gets its own unique suited block. For Euro Profile Cylinder trims, the Turnpiece mounted to the Profile Cylinder is the same design as the trim.

Von Morris is the only mainline manufacturer to stay true to its suited line, offering the same attention to detail that is available in every knob, lever, rose and escutcheon plate. This allows you to complete a full hardware schedule with the same style, detail, quality, and value for which the Von Morris product has come to be known.

- Solid forged brass with Turned Lever and Square Bevel Plate.
- Classic design.
- Adaptor for American cylinder block has the same detailing as rest of the Oval Plate.
- Turn pieces for both American cylinder and European Profile cylinder share the same detailing as rest of Oval suite.
- Westtown Multi-Point Trim is also available with Traditional, Wave, Rat Tail, Curved and Leaf Levers.

All IML Privacy and Tubular Mortise Bolt Privacy Sets come with ER Trim Standard on the Exterior. Exterior Bit Key Trim can be substituted for no additional charge.

- Solid Forged Brass Plate
- Solid Forged Brass Finger Pull
- Hand Polished
- Plates available in Five Options:
 - Drop Ring
 - ER Button
 - Cut for Cylinder
 - Bit Key
 - Blank
- Suited Pocket Door Hardware is Made-to-Order, Non cancelable once ordered, and Non-Returnable
- Plates are Surface Mounted
- Minimum Door Thickness 1 3/4"
- Requires 1/2" to 5/8" of clearance at the pocket.

Because Von Morris's Suited Pocket door plates are surface mounted, a slight bit of additional door preparation is required. At the nose and rear edge of the door, minimum one half inch thick moldings must be applied to both faces of the door. The trim surrounding the pocket must be a minimum of 5/8" from the face of the door. Minimum door thickness is 1 3/4".
